

Michal,

14/01-2021

At your request I hereby send you our reference for the executed underground piping projects on D300 in 2020.

1. Construction of underground Brackish Water line DN2000
 - Scope: construction of 135 meter steel cement lined piping DN2000
 - Safety: No safety issues. All observed safety issues were solved directly.
 - Schedule: Project is executed within strict time schedule.
 - Quality: No quality issues. No rejection on welding control.
 - Financial settlement: No issue.
 - Communication: Good communication. Project was carried out in good consultation. All agreements have been fulfilled.
 - Overall: Good performance

2. Construction of underground Hydrant line DN400
 - Scope: construction of 275 meter steel cement lined piping DN400
 - Safety: No safety issues.
 - Schedule: Project is executed within time schedule.
 - Quality: No quality issues. No rejection on welding control.
 - Financial settlement: No big issues.
 - Communication: Communication could be better.
A couple of misunderstandings because of difficult communication with people in the field.
 - Overall: Good performance

Met vriendelijke groet, Mit freundlichen Grüßen, Kind regards,

Franklin Feleus
