The latest film from the construction site of a new coal-fired power plant in Kozienice

09/25/2017

We kindly invite you to watch the latest film from the construction site of a new coal-fired power plant in Kozienice - summer 2017 (by Enea).

The latest film from the construction site of a new coal-fired power plant in Kozienice

The new B11 unit with a capacity of 1,075 MW in Kozienice will be the most modern coal-fired power plant in Poland and in Europe.

The contractor of the project is a consortium of Polimex-Mostostal and Mitsubishi Hitachi Power Systems Europe. Polimex-Mostostal has a 42.7-percent share in the works.
