Polimex-Mostostal to construct a municipal waste disposal complex

07/27/2011

Yesterday, i.e. on 26.07.2011, Polimex-Mostostal and the Commune Office of Świecie concluded a contract regarding construction of an inter-commune municipal waste disposal complex in Sulnówek.

Contract gross value: PLN 42,435,000.00

Contract net value: PLN 34,500,000.00

The Contract covers design and construction of a municipal waste sorting plant of the output of 30 thousand tons/year and of a composting plant of the output of 15 thousand tons/year. The complex will serve the poviats of Świecko and Chełmno.

Design works commence upon the conclusion of the Contract while construction works have been planned to commence in Q4 of this year.

Construction is to be completed in November 2012.

Polimex-Mostostal SA is the general contractor of the investment.
