Polimex Mostostal and Polimex Budownictwo are going to build a 47.39 MWp Marulewy PV Photovoltaic Power Plant

01/23/2025

A consortium of Polimex Mostostal and Polimex Budownictwo concluded a contract with EW Marulewy for the task titled “Comprehensive design and construction of the Marulewy PV Photovoltaic Power Plant at two locations, covering PV Pławinek 1, PV Pławinek 2, PV Pławinek 4 and PV Jaronty in total.”

The subject of the Agreement is the construction of the Marulewy Photovoltaic Power Plant with a total capacity of 47.39 MWp based on the tracker technology including the associated infrastructure, cable line and GPO, excluding the supply of photovoltaic modules.

Contract value: PLN 81,943,893.70 net and the entire amount will be covered by the Polimex Mostostal Group.

The completion date is scheduled at the end of September 2027.

Polimex Budownictwo provides comprehensive services in the industrial and general construction sector, building construction and RES systems. Depending on the scale of the project, it works as a general contractor or in consortia, with leading companies in the energy and industrial sectors.

The most recent photovoltaic projects in the contract portfolio of Polimex Budownictwo include: PV Krotoszyn, PV Jaworznik, PV S?otwiny, PV ?ó?ta?ce 1, PV ?ó?ta?ce 2, PV ?ó?ta?ce 3, PV So?nie 1, PV So?nie 2, PV Witkowo, PV Jeziórko and PV Retków.
