Dear Mr. Paszyński,

I hereby can confirm that Naftoremont Naftobudowa executed pré-turnaround and turnaround works to our satisfaction.

The company proved sufficient flexibility and quality control in order to absorb the accrued scope increase.

The company is and will therefore stay a reliable partner for the execution of similar upcoming turn-arounds with a scope volume of approx. 55 laborer's and contract value of approx. 1,2mio€.

Sincerely

Patrick Tourné
